

# Future-proofed workplaces

## Empower the Hybrid Workplace with Cisco

This program is built to help you position Cisco Collaboration and Networking solutions as the foundation of the **Future-proofed workplace**—designed to enhance hybrid work, improve employee experience, and deliver secure, scalable connectivity.

**Boost Performance & Productivity:** Wi-Fi 7 innovation and Catalyst Center visibility for high throughput and automation.

**Strengthen Security:** Integrated Secure Networking to protect hybrid work environments.

**Simplify Management:** Unified operations across Meraki + Catalyst platforms.

**Enable Seamless Collaboration:** Webex devices and suite integrated with Teams and Zoom.
