

THE POWER OF 3

Value-added resellers in the U.S. and around the world are discovering the strategic value of partnering with Ingram Micro and Honeywell Productivity Solutions & Services.

In some parts of the world, the number 3 signifies harmony. In others, it's considered lucky. For us – Ingram Micro, Honeywell and You – it means a powerful partnership. One that delivers the right technology solutions at the right time to organizations that need and want them.

INGRAM MICRO

HONEYWELL

Productivity Solutions & Services

Innovation is our passion. We help you on your digital transformation journey and offer connected solutions to drive efficiency, reduce costs, and increase revenue. Our hardware and software solutions are designed with productivity in mind, so you get the most out of every workflow and supply chain touchpoint. With over 20 years of experience designing customer-focused solutions, we are constantly challenging the limits of our technology, so that our customers can be successful.

YOU

Value-Added Reseller of Technology Solutions

You are a technology lifeline for your customers.

They rely on you to help them fill technology gaps, increase productivity, operational efficiency and ROI... and make smart decisions for a successful future.

Partner with Ingram Micro and Honeywell and you'll have an elite task force of trusted advisors to help you every step of the way.

Let's do this. Email us at HoneywellOperations@IngramMicro.com for more on how a Power of 3 partnership can help your customers – and your business – prosper.
