This interactive flat panel is ideal for lectures, group discussions, team collaboration and school announcements, providing a flexible and seamless classroom or meetings experience.

It offers:

- Versatile connectivity, with both Google Chrome OS and Microsoft Windows options*.
- Built-in Android 13 software includes LG CreateBoard Lab for lesson creation, CreateBoard Share for wireless student collaboration, and ConnectedCare DMS for remote management.
- Available in sizes from 55" to 98", it supports up to 9 shared screens and OPS slot integration.
- Our interactive whiteboard has all the inputs you could need including universal Type C.
- Switch between systems effortlessly or harness the power of split-screen functionality for a truly adaptable classroom or engaging meeting.

LG CreateBoard Pro

Create, Manage & Share: Now Supercharged

The LG CreateBoard Pro has everything Gen 2 offers plus:

- Built-in full LG Software Suite:** CreateBoard Lab 2.0, now equipped with over 100 educational templates! CreateBoard Share for wireless screensharing in either direction. And of course, our top-shelf remote management tool, ConnectedCare DMS.
- 50-Point Multi-Touch:** Make team activities that much more engaging.
- ELGi AI:** Our new built-in helper is dedicated to helping save time with tasks, boost productivity and create efficiencies for all users.
- Microphone Array:** Built-in at the top of the board. Whether you are recording a lecture, teaching to online students or simply taking notes, the CreateBoard Pro microphone is sure to be an everyday feature.
- Quad Speakers:** Whether you are recording a lecture, teaching to online students or simply taking notes, the CreateBoard Pro microphone is sure to be an everyday feature.
- Precise Touch With Zero-Gap Bonding:** Why zero Gap Bonding? Now you get a precise touch experience that mirrors writing on an old-fashioned white board.
- Camera Port:** The CreateBoard Pro has a camera port on top reserved for easy connection.
