

# Surface Laptop 5G for Business

Premium experiences drive AI advantage anywhere

**intel CORE**  
ULTRA

Exceptional AI-enabled collaboration and Copilot+ PC<sup>1</sup> productivity in a sleek laptop chassis featuring Intel® Core™ Ultra processors (Series 2)

NanoSIM and eSIM capable<sup>8</sup>

Custom palm rest and multi-antenna design supports reliable connectivity in a thin, light design

**Copilot+PC**

NPUs delivering 40 or 48 TOPS of on-device AI performance to support today's capabilities and tomorrow's innovations<sup>5</sup>

Windows Hello for Business with facial recognition and Enhanced Sign-In Security

Near-edgeless display and Surface's signature 3:2 ratio for more screen in a compact footprint

Anti-reflective technology reduces reflections up to 50%

## Elevate productivity

Slim chassis, stunning display, and intuitive interactions make the most of Copilot<sup>1</sup> today and tomorrow

- Stunning PixelSense™ Flow touchscreen display with HDR technology<sup>3</sup>
- AI-enhanced 1080p Surface Studio Camera
- Dual Studio Mics featuring voice focus<sup>13</sup> and Omnisonic® Speakers with Dolby Atmos<sup>14</sup>
- Precision haptic touchpad customizable for accessibility

## Performance and AI built in

Move at the speed of opportunity with local AI processing and enterprise-ready 5G<sup>2</sup>

- Ultra-fast speeds, dynamic antenna switching, and custom-tuned Qualcomm modem performance
- Wi-Fi 7<sup>4</sup> and Bluetooth® Core 5.4 enabled
- Two USB-C® with USB4®/Thunderbolt™ 4 ports and one USB-A port
- Delivers up to 20 hours of battery life on a single charge<sup>18</sup>

## Adopt AI with peace of mind

Microsoft security at every layer to protect your data and your business

- Microsoft-designed and delivered firmware including Surface UEFI for easier configurability and up-to-date threat protection
- eSIM support enables secure, scalable 5G provisioning and management<sup>8</sup>
- Secured-core PC with hardware-based protection against firmware attacks and emerging threats
- Microsoft Pluton and TPM 2.0 for enterprise-grade security

<sup>1</sup>On some devices, Copilot+ PC experiences require free updates continuing to roll out through early 2025. Timing varies by device and region. See [aka.ms/copilotpluspc](https://aka.ms/copilotpluspc). <sup>2</sup>Only on specific SKUs of Surface Laptop for Business 13.8-inch. Not available in all areas. Compatibility and performance depends on carrier network, plan and other factors. See carrier for details and pricing. <sup>3</sup>HDR requires HDR content and enabling HDR in device settings. <sup>4</sup>5GHz band not available in all regions. <sup>5</sup>Intel® AI Boost with 48 TOPS on Intel® Core™ Ultra 7 processor 266V and Intel® Core™ Ultra 7 processor 268V. <sup>6</sup>eSIM support may vary by carrier. <sup>7</sup>Voice focus requires activation, requires Windows 11 and is available in apps which use integrated device microphones and use certain Windows audio processing modes. <sup>8</sup>Requires Dolby Atmos® encoded content/audio. <sup>9</sup>Based on local video playback test. Battery life varies significantly based on device configuration, usage, network and feature configuration, signal strength, settings, and other factors. See [aka.ms/SurfaceBatteryPerformance](https://aka.ms/SurfaceBatteryPerformance) for details.
