

# Ingram Micro: Your expert in public sector contracts and grant funding

The public sector made easy.

## Let us do the heavy lifting

Accelerate IT modernization, improve your mission effectiveness and access more opportunities with AWS and Ingram Micro. Our AWS team of experts can help you:

- Leverage business intelligence tools to get ahead with our prospecting, capture and support services.
- Manage account mapping with access to our business intelligence tools.
- Leverage small business certifications (8(A), HUBZone, SDVOSB, etc.)
- Leverage our public sector subject matter experts in federal, SLED, healthcare, justice and public safety and non-profits.
- Tap into industry-leading expertise and access teaming opportunities.

## Leverage contracts and grants to drive revenue

Ingram Micro has deep expertise in the public sector and we are ready to help you build your business with robust contract and grant services. Our tools, resources and enablement programs make it easier for you to expand in the public sector and better support the mission of government agency customers.

## Drive value with Ingram Micro's contract vehicles

Contracts currently available through Ingram Micro's Contract Alliance Program include:

- NASPO Cloud Solutions, 18 participating addendums (California, Connecticut, Delaware, Florida, Hawaii, Idaho, Illinois, Louisiana, Maryland, Massachusetts, Mississippi, Missouri, Nebraska, New Mexico, Oregon, Tennessee, Utah, Vermont)
- G2G Marketplace
- NITAAC CIO-CS
- ADMC-3
- ITES-SW2
- NASA SEWP V
- SeaPort NxG – Cloud Engineering and Management Services

## We'll be the contract expert so you don't have to be

### OMNIA Partners

Ingram Micro streamlines cloud solutions for public agencies nationwide through our OMNIA Partners contract. Available in all 50 states, OMNIA Partners optimizes technology investments.

### National Cooperative Purchasing Alliance (NCPA)

Grow SLED sales with NCPA, a premier government purchasing cooperative. By pooling the purchasing power of public agencies across the U.S., NCPA lowers costs for over 90,000 entities. Seize the opportunity to tap into this network with the NCPA contract.

### General Services Administration (GSA)

Ingram Micro's GSA schedule opens doors to key vendors and products nationwide. Our GSA schedule empowers customers to compete in federal and state and local markets, maximizing opportunities for growth and success.

## Ingram Micro offers simplified grant services to drive real value

### Grant intelligence

Grow your business and help public agencies secure funding for cloud technology solutions.

### Funding alerts

Optimize Ingram Micro's grant intelligence alerts detailing cloud-friendly grants to help provide purchasing solutions for public sector agencies.

### Grant workshops

Increase your understanding of grant revenue streams for your public sector needs through live and on-demand grant webcasts and supporting guides.

### Grant expertise

Save time and money by leveraging Ingram Micro's grant experts.

Explore better ways to position your cloud technology solutions by leveraging grant funding resources for public sector opportunities in:

- State and local government
- Justice and public safety
- Transportation tribal and rural
- Healthcare
- Community/non-profit organizations
- Higher education
- K-12 education
