

## MISSION CRITICAL DETAILS CLEARLY AND SECURELY DISPLAYED

LG Business Solutions brings a dedicated team and a large portfolio of TAA-compliant IT and AV solutions to the government community to meet strategic goals, budget performance, and mission critical requirements.

### Core Competencies

**Technology Leader** - LG aims at improving customers life and business with a broad portfolio of products, unique solutions and world class technology.

**Global Partnership** - LG has a strong global network. We have manufacturing and production plants, sales office, and research and development facilities in 118 global locations.

**Vertical Markets** – Consultation with engineers and SMEs is available to discover how to apply LG technology in a wide range of use cases in government, education, transportation and healthcare.

**Partner Programs** - LG supplies rich resources for small and large business in our government community to help drive revenue opportunities in the public sector, including: access to engineers to assist with site survey designs, and installation solutions, content design, public sector pricing programs, tenured staff of subject matter experts.
